**Item No. 3**

Mr. Darshit Parikh (DIN: 03492803) was appointed as Independent Director on July 27, 2016 for a continuous period of five years ended on July 26, 2021. The Board of Director of the Company (“Board”), at its meeting held on June 28, 2021 has subject to approval of members, proposed to re-appoint Mr. Darshit Parikh, as Independent Director, for a period of 5 (five) years from the expiry of his present term i.e. with effect from July 26, 2021.

The Nomination Committee of the Board of Director, on the basis of the report of performance evaluation, recommends re-appointment of Mr. Darshit Parikh as an Independent Director for a second term of 5 (five) consecutive years on the Board of the Company.

The Board, based on the performance evaluation and as per the recommendation of the Nomination and Remuneration Committee, considers that, given his background and experience and contributions made by him during his tenure, the continued association of Mr. Darshit Parikh would be beneficial to the Company and it is desirable to continue to avail his services as an Independent Director.

Mr. Darshit Parikh is not disqualified from being appointed as a Director in terms of Section 164 of the Act and has given his consent to act as a Director alongwith his Declaration of Independence declaring meeting criteria of independence as prescribed under Section 149 (6) of Companies Act, 2013 and SEBI LODR Regulations.

Accordingly, it is proposed to re-appoint Mr. Darshit Parikh as an Independent Director of the Company, not liable to retire by rotation, for a second term of 5 (five) consecutive years on the Board of the Company.

He shall be paid remuneration by way of fee for attending meetings of the Board or Committees thereof or for any other purpose whatsoever as may be decided by the Board, reimbursement of expenses for participating in the Board and other meetings and profit related commission within the limits stipulated under Section 197 of the Act.

Copy of draft letter of appointment of Mr. Darshit Parikh setting out the terms and conditions of appointment is available for inspection by the members at the registered office of the Company.

Save and except the above, none of the other Directors / Key Managerial Personnel of the Company / their relatives are, in any way, concerned or interested, financially or otherwise, in the resolution. This statement may also be regarded as an appropriate disclosure under the Act and the Listing Regulations.

## MANAGEMENT DISCUSSION AND ANALYSIS REPORT

### 1) INDUSTRY STRUCTURE AND DEVELOPMENTS:

The asset management industry has a unique and different structure from the rest of the financial industry. It's important to note the key characteristics of asset managers when considering their impact on financial stability.

#### Overview:

The asset management industry is an integral component of the broader financial system. Its sole purpose is to help investors achieve their financial goals. Also referred to as “investment managers” or the “buy-side,” asset managers are hired by investors to allocate capital on their behalf.

Portfolio Management Service is a tailor-made professional service offered to cater the investment objective of different investor classes. The Investment solutions provided by PMS cater to a niche segment of clients. The clients can be Individuals or Institutions entities with high net worth. In simple words, a portfolio management service provides professional management of your investments to create wealth.

The asset management industry is made up of a large number of diverse firms that offer a wide array of investment strategies. These investment strategies are available to investors in a variety of forms, including mutual funds, ETFs, private funds and separately managed accounts, among others.

The asset management industry serves as a critical link between providers and seekers of investment capital around the world. The industry provides professional investment services for a diverse client base with varying objectives and risk tolerances. Asset managers have evolved with the global expansion of capital markets and will likely continue to evolve as technological advancements and demographic trends influence new innovations and opportunities.

The portfolio management process includes the construction, monitoring, and revision of an asset owner's or asset manager's portfolio. The process is represented by a sequence of activities that begins with understanding the asset owner's entire circumstances—including objectives, constraints, and other preferences—and forms the basis for structuring a portfolio and formulating other portfolio decisions, such as investing passively or actively. The portfolio management process rests on a foundation of good investment governance, which includes the assignment of decision-making responsibilities to qualified individuals and the oversight of processes.

The portfolio management deals with the analysis of individual securities as well as with the theory and practice of optimally combining securities into portfolios. It makes use of analytical techniques of analysis and conceptual theories regarding rational allocation of funds. Thus, portfolio management is a complex process which tries to make investment activity more rewarding and less risky. Portfolios are built to suit the return expectations and risk appetite of the investor i.e. a combination of assets or securities is formulated which meets the level of return investor expects provided he is willing to meet the associated risk, or the possible return at the level of risk he is willing to bear.

#### Trends in Portfolio Management Services:

The asset management industry has emerged from the global pandemic in a position of strength, with assets growing by 11% in 2020 to end the year at \$103 trillion. Retail portfolios, representing 41% of global assets at \$42 trillion, grew by 11% in 2020, while institutional investments grew at a similar pace to reach \$61 trillion, or 59% of the global market. Retail investors were the main driver of net inflow, contributing 4.4% of net new capital in 2020, twice the size of the contribution made by institutional investors (2.2%).

Year	Total No of Clients				Asset under Management (₹ In Crore)			
	Discretionary	Non-Discretionary	Advisory	Total	Discretionary*	Non-Discretionary	Advisory#	Total
2014-15	40,558	3,297	2,851	46,706	6,99,304.00	47,957.00	1,80,123.00	9,27,384.00

2017-18	1,13,776	5,427	2,158	1,21,361	11,52,123.03	89,796.85	2,25,131.32	14,67,051.21
2018-19	1,38,829	6,853	4,038	1,49,720	13,03,141.00	1,09,031.00	1,93,620.00	16,05,792.00
2019-20	1,53,232	9,393	3,923	1,66,548	15,07,718	1,15,202.00.00	1,91,451.00	18,14,371.00
2020-21	15,62,023	1,01,408	30,109	16,93,540	1,93,75,611	13,76,062	22,05,790	2,29,57,463

The world's largest asset management region, North America, delivered another year of double-digit growth in 2020, with assets under management (AuM) increasing by 12% to reach \$49 trillion. Growth was also strong in Europe (10%), Asia-Pacific (11%), and the Middle East and Africa (12%).

Yet across the board, profitability was largely flat in comparison with 2019, as costs and fee compression kept operating profits hovering at around 34% of net revenues.

India's asset management companies (AMCs) own (AUM) worth INR. 24.46 trillion, out of the total industry assets, around 80% is owned by the top 10 AMCs in the market. Assets managed by the Indian mutual fund industry have grown from INR. 23.59 trillion in November 2018 to INR. 26.94 trillion in November 2019 (based upon the average assets per month). That represents a 14.21% growth in assets over November 2018. Rising AUM and regulatory effort to lower cost for customers is seen bringing down yield (Total Expense Ratio) on AUM for the industry in the long run. However, growth in AUM with a favorable mix and continued focus on improving operational efficiency makes a case in favor of sustainable growth in earnings. The past few years have witnessed a significant evolution in the asset management industry in India, Individual investors have grown at a significant pace and now command nearly 58% of the AUM. Equity as an asset class has grown in prominence, now accounting for nearly 45% of the AUM as against 23% five years ago

As at end of October 2020, assets under management (AUM) of the portfolio management industry stood at ₹19.2 lakh crore. Of the total AUM, funds from EPFO/PFs account for ₹14.6 lakh crore. There were 1,55,796 total clients in PMS industry as at the end of October 2020, of which 1,45,404 clients belong to discretionary services category, 8,409 clients belong to non-discretionary services category and 1,983 clients belong to advisory services category of portfolio management services.

## 2) MACRO REVIEW:

### ❖ GLOBAL REVIEW:

It is one year since COVID-19 was declared a global pandemic, a year of terrible loss of lives and livelihoods. Global prospects remain highly uncertain one year into the pandemic. New virus mutations and the accumulating human toll raise concerns, even as growing vaccine coverage lifts sentiment. Economic recoveries are diverging across countries and sectors, reflecting variation in pandemic-induced disruptions and the extent of policy support.

However, the global economy is set to expand 5.6 percent in 2021—its strongest post-recession pace in 80 years. This recovery is uneven and largely reflects sharp rebounds in some major economies. In many emerging market and developing economies (EMDEs), obstacles to vaccination continue to weigh on activity. By 2022, last year's per capita income losses will not be fully unwound in about two-thirds of EMDEs. The global outlook remains subject to significant downside risks, including the possibility of additional COVID-19 waves and financial stress amid high EMDE debt levels. Policy makers will need to balance the need to support the recovery while safeguarding price stability and fiscal sustainability and to continue efforts toward promoting growth-enhancing reforms.

### ❖ INDIA REVIEW:

Amid Coronavirus pandemic, India's gross domestic product (GDP) grew at 1.6 per cent in the January-March quarter of fiscal year 2020-21, but witnessed a contraction of 7.3 per cent for the entire fiscal year.

This is the first full-year contraction in the Indian economy in the last four decades since 1979-80, when GDP had shrunk by 5.2 per cent. This is also the second straight quarter of expansion since India exited a rare recession.

India's GDP figures showed the growth at 3 per cent in Q4 of FY20, while growth for FY20 came at 4 per cent, an 11-year low. To regain Rs 145 trillion size, the economy will have to grow by 10-11 per cent in the 2021-22 fiscal but the outbreak of the second wave of COVID-19 infections has disrupted the momentum of economic activity and many expect the GDP may not touch double-digit growth rate despite the low base.

The FY 2021-22 budget marked a significant policy shift. The government announced health-related spending would more than double and set out a revised medium-term fiscal path intended to address the economic legacy of the pandemic. Following deteriorating pandemic-related developments, the Reserve Bank of India announced further measures to support liquidity provision to micro, small, and medium firms and loosened regulatory requirements on the provisioning for nonperforming loans. Debt relief under the Debt Service Suspension

### ❖ **ECONOMIC OUTLOOK**

One year into the COVID-19 pandemic, the accumulating human toll continues to raise concerns, even as growing vaccine coverage lifts sentiment. High uncertainty surrounds the global economic outlook, primarily related to the path of the pandemic. The contraction of activity in 2020 was unprecedented in living memory in its speed and synchronized nature. The outlook depends not just on the outcome of the battle between the virus and vaccines - it also hinges on how effectively economic policies deployed under high uncertainty can limit lasting damage from this unprecedented crisis.

Global growth is projected at 6 percent in 2021, moderating to 4.4 percent in 2022. The projections for 2021 and 2022 are stronger than in the October 2020 WEO. The upward revision reflects additional fiscal support in a few large economies, the anticipated vaccine-powered recovery in the second half of 2021, and continued adaptation of economic activity to subdued mobility. High uncertainty surrounds this outlook, related to the path of the pandemic, the effectiveness of policy support to provide a bridge to vaccine-powered normalization, and the evolution of financial conditions.

Globally, the economic recovery indicators are showing encouraging trends. Amid rising global inflationary conditions, expectation of moderation in stimulus measures could weigh on liquidity and investor sentiments. Resurgence in virus and resultant regional lockdowns could also pose risk. The speed and coverage of vaccination drive would determine pace of normalization in the global economic recovery trend.

## ❖ EQUITY MARKETS

Indian equity markets performance has been nothing short of outstanding in 2020. They saw a sharp fall in March-20 and a gradual recovery has brought us to all-time highs. Equity market returns in 2020 eerily resembled the trend in 2009—that is, the strength of the first year emerging from a deep stock market recession.

Indian stock market's optimistic outlook as of April 2021 has a lot to do with low interest rates globally and optimism around vaccines. A pro-expansionary Budget has led investors to believe earnings growth will follow government investments sooner or later. These things have led to new highs.

Companies that were impacted the most by the effects of the pandemic-induced recession, whose valuations are at lows relative to their history, i.e. value stocks - for example, banks, movie theaters and cruise lines—may present a compelling opportunity particularly in an economy where the consumer is strong. Historically, the best time to own value stocks has been when the economy is exiting a recession. As a group, these value stocks began their recovery in 2020, but as we begin 2021, these stocks are still cheaper relative to their historical levels. In our current economic recovery, we see opportunity in value stocks, focusing on those companies with strong balance sheets.

### ❖ PORTFOLIO MANAGEMENT SERVICES (PMS):

Portfolio Management Services (PMS), service offered by the Portfolio Manager, is an investment portfolio in stocks, fixed income, debt, cash, structured products and other individual securities, managed by a professional money manager that can potentially be tailored to meet specific investment objectives. When you invest in PMS, you own individual securities unlike a mutual fund investor, who owns units of the fund. You have the freedom and flexibility to tailor your portfolio to address personal preferences and financial goals. Although portfolio managers may oversee hundreds of portfolios, your account may be unique.

#### Discretionary:

Under these services, the choice as well as the timings of the investment decisions rest solely with the Portfolio Manager.

#### Non Discretionary

Under these services, the portfolio manager only suggests the investment ideas. The choice as well as the timings of the investment decisions rest solely with the Investor. However, the execution of trade is done by the portfolio manager.

#### Advisory

Under these services, the portfolio manager only suggests the investment ideas. The choice as well as the execution of the investment decisions rest solely with the Investor.

**Note: In India majority of Portfolio Managers offer Discretionary Services.**

### Key Regulatory changes in PMS

Under the revised framework as notified by SEBI as on March 16, 2021 & April 26, 2021, the principal officer of Portfolio manager shall have a professional qualification in finance, law, accountancy or business management from a university or an institution recognized by the Central Government or any State Government or a foreign university or a professional

qualification by completing a Post Graduate Program in the Securities Market (Portfolio Management) from NISM of a duration not less than one year or a professional qualification by obtaining a CFA charter from the CFA institute. Also, a fresh NISM certification shall be obtained before expiry of the validity of the existing certification to ensure continuity in compliance with the certification requirements. SEBI has also stated that, any employee of the Portfolio Manager who has decision making authority related to fund management shall have the same minimum qualifications, experience and certification as specified for the Principal Officer. The Portfolio Manager has to abide by an additional condition of registration henceforth i.e the portfolio manager shall obtain prior approval of the Board in case of change in control.

### 3) **REVIEW OF OPERATIONS:**

The Total Income of the Company stood at ₹ 17.43 lakhs for the year ended March 31, 2021 as against ₹ 15.71 lakhs in the previous year. The Company made a net profit (after tax) of ₹ 0.27 lakhs for the year ended March 31, 2021 as compared to the net profit of ₹ 0.31 lakhs in the previous year.

### 4) **OUTLOOK:**

We believe we are well-poised to capitalise on the healthy prospects of the industry and further solidify our position in the market. Our strong brand equity, disciplined investment philosophy and robust process, customer-centric approach, expansive reach, and healthy financials should facilitate our future growth.

#### **Our strategic priorities include:**

- a) Maintaining a strong investment performance against benchmarks and peer groups
- b) Enhancing our reach and distribution network
- c) Enhancing our product portfolio to cater to various financial needs and aspirations of consumers
- d) Investing in digital platforms to acquire, retain and grow our customer base

### 5) **OPPORTUNITIES AND THREATS:**

#### ➤ **OPPORTUNITIES**

India is already the fastest growing economy globally and various projections for growth by World Bank or IMF etc., indicate that India will continue to outperform other economies. This would open up vast opportunities for SME businesses which employs large part of total workforce of India. Easy capital generation means and relaxation in Government regulations & policies will facilitate the ease of doing business in India for SME's.

Since our group has been involved in the SME exchange related services since its inception; we have an insight of developments in this segment, robust performance by the SME sector and growth in SME Listed bourses and our ability to provide sound investment advisory or fund management with focus on investing in this segment would provide us a niche and hence an entry point with existing PMS or Investment Advisory clients and over time we can sell other products of our business to them.

- a) Ongoing financialization of savings in India
- b) Increasing per capita GDP
- c) Increasing flows from smaller cities/towns
- d) Deepening digital channel distribution contributing to disintermediation and de-risking of sales and distribution
- e) Ongoing consolidation in the industry

#### ➤ **THREATS**

- Uncertainty in the global markets, owing to the increased strain in the advanced economies and emerging economies due to the COVID-19 impact can result in volatile capital inflows and currency fluctuations. Increased restrictions on migration and global trade could hurt productivity and incomes and take an immediate toll on market sentiment.

- Technological disruptions- With rapid changes in technology and innovations, companies need to increase their attention towards innovation objectives alongside business growth objectives. With increasing performance expectations related to quality, timings and cost, technological upkeep is very important to keep in line with competitors, especially new competitors that are “born digital” and with a low-cost base for their operations. The risk of disruptive innovations enabled by new and emerging technologies is always present.
- Debt market- Indian debt markets may face disruptions due to risk averse environment and certain large corporates’ defaults on servicing and repayment and on account of the COVID-19 impact, coupled with year-end redemption pressures faced by mutual funds and continued selling by foreign investors.
- Any stringent regulatory changes or unfavorable policy changes can pose a threat to the Company in the short run
- Overall slowdown in the economy
- Intense competition amongst AMCs to garner higher AUMs can increase pressure on commissions.

#### **6) INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY:**

Through our compliance function, we monitor compliance with regulatory requirements laid down by the Securities and Exchange Board of India (SEBI) with respect to Portfolio Management Services.

The company has an Internal Control System commensurate with its requirement and size of business to ensure that the assets and interest of the company assets are safeguarded. The adequacy and effectiveness of the internal control across various activities, as well as compliance with laid down system and policies are comprehensively and frequently monitored by your company’s management at all the levels of the organization.

Our team stays abreast of the new regulatory requirements and communicates the same to the relevant functions along with meaningful inputs for implementation. The Compliance team also reviews the implementation status of various requirements by coordinating with respective functions.

The Audit Committee of the Board of Directors reviews the existing audit procedures and internal systems of control on an ongoing basis keeping in mind the organization’s requirements, growth prospects and ever evolving business environment. They also review the internal audit findings and recommendations and ensure that corrective measures are implemented. The Audit Committee is responsible for overseeing the risk management framework, reviewing the key risks and mitigation strategies, and ensuring the effectiveness of risk management policies and procedures. The Management is also responsible for ensuring that the risk management framework is effectively implemented within all areas of their respective functions.

V. N. PUROHIT & CO, the statutory auditor of the Company, has audited the financial statements included in this Annual Report and has issued as a part of its Auditors’ Report, a report on our internal financial controls with reference to the financial statements (as defined in Section 143 of the Companies Act, 2013).

Based on its evaluation, our audit committee has concluded that as of March 31, 2021 our internal financial controls were adequate and operating effectively.

#### **7) RISKS AND CONCERN:**

Escorp Asset management limited is exposed to specific risks that are particular to its businesses and the environment within which it operates, including credit risk, operational risk, competition risk, regulatory risk, human resource risk, execution risk, information security risks and macro-economic risks.

Our risk management practices have been designed and implemented taking into consideration the varying needs of our organization, operating structure, business operations and regulatory requirements. We have facilities for approach to risk

management and the roles and responsibilities of all stakeholders. The Audit Committee is responsible for overseeing the risk management framework, reviewing the key risks and mitigation strategies, and ensuring the effectiveness of risk management policies and procedures. The Management is also responsible for ensuring that the risk management framework is effectively implemented within all areas of their respective functions.

Our business depends on consumer confidence in the overall economy, economic growth rates, household saving rates and consumer attitudes towards financial savings, in particular, within India. Any adverse market rate fluctuations and/or adverse economic conditions could affect our business in many ways, causing a decline in our revenue

Risk is an integral part of the business and we aim at delivering superior shareholder value by achieving an appropriate balance between risks and returns. The financial services industry is subject to continuously evolving legislative and regulatory environment due to increasing globalization, integration of world markets, newer and more complex products & transactions and an increasingly stringent regulatory framework.

Our senior management identifies and monitors the risks on an ongoing basis and evolves processes/systems to monitor and control the same to contain the risks to minimum levels. Periodic monitoring by our officials helps in identifying risks in early stage. If required, a risk event update report is periodically placed before the Board of Directors of the Company.

If our investment strategies perform poorly, our existing customers may reduce or withdraw their investments. Underperformance to benchmark could lead to a shift to low cost passive funds. We are exposed to credit risks, liquidity risks and market risks such as interest rate risks and price risks. We are also exposed to operational risks and legal risks. The effectiveness of our risk management is limited by the quality and availability of data. Our schemes and other investment products carry their own risks.

We depend on the skills and expertise of our employees and our success depends on our ability to retain key members of our teams. If we are not able to retain existing employees or attract new talent, it could affect our operations resulting in decline in performance of our business.

Regulatory framework, focused on maintaining controls on domestic businesses but even inadvertently creating more favorable regulatory environment for global entities operating in India is a matter of concern. We actively participate in dialogue in industry bodies and with regulators to point these out and to recommend appropriate changes. While we ensure that we are in compliance with all applicable laws, however any failure in detecting errors in our statutory records or errors or omissions in our business operations could expose us to potential losses and regulatory fines amongst others.

#### **8) OPERATION:**

Portfolio management team performs functions such as, post trade investment support, cash management, treasury and settlement functions, recording of transactions in the books of accounts of the respective clients, valuation of securities in the client's portfolios, providing various reports to management, liaising with bankers and custodians.

All operational activities are subject to audit. We have appointed auditors as required under relevant regulations for our schemes and the portfolio management and segregated account services. They audit the customer's accounts in respect of the Portfolio Management Service. In addition, all applications used in Operations are periodically subjected to reviews. Our audit committee reviews the auditors' reports and these reports are placed before our board and processes form the backbone of our operations with extensive focus on internal controls, minimizing operational risks, scalability and bringing about efficiency to meet various timelines. We continuously endeavour to keep upgrading our systems and re-engineer our processes to ensure maintenance of a very high standard of regulatory compliance and governance.

#### **9) HUMAN RESOURCES:**

Escorp Asset Management Ltd. is part of a dynamic and progressive group that actively fosters a challenging work environment and encourages Entrepreneurship. With trust being the critical part of our business belief, we lay a strong emphasis on integrity, teamwork, innovation, performance and partnership. Our professional staff with diverse backgrounds

brings varied talent, knowledge and experience to the Group, helping our businesses to remain competitive, achieve greater success and newer milestones.

Our management team and board of directors are resolved to do what, we believe, is best for our shareholders, clients and associates.

At Escorp Asset Management limited we understand that internal selection and succession is very critical for the long-term sustenance of the business as it ensures business continuity, preserves corporate culture, enhances knowledge capital and fuels the ambitions of the Company's talent force leading to better retention. We ensure that our internal talent is groomed for the next level. In order to create value for our stakeholders we continue to invest in technology and adopt fair HR practices to empower our people creating a supportive environment. We continue to uphold high standards of governance with respect to all statutory compliance and regulatory requirements.

#### **10) SAFE HARBOUR:**

## Independent Auditor's Report

To  
 The members of  
**ESCORP ASSET MANAGEMENT LIMITED**

### Report on the Audit of Financial Statements

#### Opinion

We have audited the accompanying financial statements of **ESCORP ASSET MANAGEMENT LIMITED** ("the Company"), which comprise the balance sheet as at 31<sup>st</sup> March 2021, the statement of profit and loss (including other comprehensive income), statement of changes in equity and the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information (hereby referred as 'the financial statements').

In our opinion and to the best of our information and explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India of the state of affairs of the Company as at 31st March, 2021, and the **net profit** (including other comprehensive income), changes in equity and its cash flows for the year ended on that date.

#### Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those standards are further described in the 'Auditor's Responsibilities for the Audit of the Financial Statements' section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the rules thereunder, and we have fulfilled our ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidences we have obtained are sufficient and appropriate to provide a basis for our opinion.

#### Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described hereunder to be key audit matters to be communicated in our report.

Key audit matters	Auditor's response
<p><b><u>Measurement of Revenue</u></b></p> <p>As per Ind AS 115, measurement of revenue to be made on transaction price.</p>	<p>Our audit procedure inter- alia included the following-</p> <ul style="list-style-type: none"> <li>• We used assessment of overall control environment relevant for measurement of revenue.</li> <li>• We performed testing of journal entries, with particular focus on manual adjustment to revenue account, to mitigate the risk of manipulation of revenue and profit figures.</li> </ul>

#### Information other than the financial statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statement does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

#### **Management's Responsibility for the Financial Statements**

The Company's board of directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the INDAS and the other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that are operating effectively for insuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatements, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

#### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain a reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue our report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise due to fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with the SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- (i) Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control.
- (ii) Obtain an understanding of the internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- (iii) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- (iv) Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained upto the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- (v) Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statement, individually or in aggregate, makes it probable that the economic decision of reasonable knowledgeable user of the financial statement may be influenced.

We consider quantitative materiality and qualitative factors in (i) Planning the scope of our audit work and in evaluating the results of our work; and, (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal controls that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonable be thought to bear on our independence, and where applicable, relevant safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, or when in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonable be expected to outweigh the public interest benefits of such communication.

#### **Report on Other Legal and Regulatory Requirements**

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in the "**Annexure- A**", a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by Section 143 (3) of the Act, we report that:
  - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
  - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
  - (c) The Balance Sheet, the Statement of Profit and Loss (including Other Comprehensive Income), Statement of Changes in Equity and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
  - (d) In our opinion, the aforesaid Ind AS financial statements comply with the Ind AS specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
  - (e) On the basis of the written representations received from the directors as on 31<sup>st</sup> March, 2021 and taken on record by the Board of Directors, none of the directors is disqualified as on 31<sup>st</sup> March, 2021, from being appointed as a director in terms of Section 164 (2) of the Act.
  - (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "**Annexure- B**".

## **ANNEXURE- B TO THE AUDITOR'S REPORT**

### **Report on the Internal Financial Controls under Clause (i) of sub-section 3 of Section 143 of the Act**

We have audited the internal financial controls over financial reporting of **ESCORP ASSET MANAGEMENT LIMITED** ("the Company") as of March 31, 2021 in conjunction with our audit of the Ind AS Financial Statements of the Company for the year ended on that date.

#### **Management's Responsibility for the Internal Financial Controls**

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

#### **Auditor's Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing issued by ICAI and deemed to be prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

#### **Meaning of Internal Financial Controls over Financial Reporting**

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and

directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

### **Inherent Limitations of Internal Financial Controls over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### **Opinion**

In our opinion, the Company has an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on “the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

# **NOTES**

## **To Financial Statements (Contd)**

### **Note 1**

#### **A. CORPORATE INFORMATION:**

**Escorp Asset Management Limited** is a public limited company domiciled in India with its registered office located at 60, Khatau Building, Ground Floor, Alkesh Dinesh Modi Marg, Fort, Mumbai - 400 001. The Company is listed on SME Platform of BSE Limited (BSE SME). The Company is engaged in the business of portfolio management services.

#### **B. SIGNIFICANT ACCOUNTING POLICIES:**

##### **1. Basis of Preparation of Financial Statements:**

These financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 ('the Act') read with the Companies (Indian Accounting standards) Rules as amended from time to time and other related provisions of the Act.

The financial statements of the Company are prepared on the accrual basis of accounting and Historical cost convention except for the following material items that have been measured at fair value as required by the relevant Ind AS:

- (i) Certain financial assets and liabilities are measured at Fair value (Refer note no. 7 below)

The accounting policies are applied consistently to all the periods presented in the financial statements. All assets and liabilities have been classified as current or non current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013.

The financial statements are presented in INR, the functional currency of the Company. All amounts disclosed in the financial statements and notes have been rounded off to the nearest lakhs as per the requirement of Schedule III, unless otherwise stated.

##### **2. Use of Estimates and judgments:**

The preparation of the financial statements requires the Management to make, judgments, estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent liabilities as at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. The recognition, measurement, classification or disclosure of an item or information in the financial statements is made relying on these estimates. The estimates and judgements used in the preparation of the financial statements are continuously evaluated by the management and are based on historical experience and various other assumptions and factors (including expectations of future events) that the management believes to be reasonable under the existing circumstances. Actual results may differ from those estimates. Any revision to accounting estimates is recognised prospectively in current and future periods.

##### **Critical accounting judgments and key source of estimation uncertainty:**

The Company is required to make judgments, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. The estimates and underlying assumptions are reviewed on an on-going basis.

- (a) Estimation of current tax expenses and payable - Refer note no. - 13 below

##### **3. Property, plant and equipment (PPE)**

Property, plant and equipment is stated at acquisition cost net of accumulated depreciation and accumulated impairment losses, if any.

The cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable costs of bringing the asset to its working condition for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located. Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in the Statement of Profit and Loss.

**4. Intangible assets:**

Intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses, if any.

**5. Depreciation and Amortization:****a) Property Plant and Equipment (PPE):**

Depreciation is provided on a pro-rata basis on the straight line method based on estimated useful life prescribed under Schedule II to the Companies Act, 2013.

Estimated Useful Life - Computers - 3 Years.

The residual values, useful lives and method of depreciation of property, plant and equipment is reviewed at each financial year end and adjusted prospectively, if appropriate.

**b) Intangible Assets:**

The useful lives of intangible assets are assessed as either finite or indefinite. Finite-life intangible assets are amortised on a straight-line basis over the period of their expected useful lives.

The amortisation period and the amortisation method for finite life intangible assets is reviewed at each financial year end and adjusted prospectively, if appropriate. For indefinite life intangible assets, the assessment of indefinite life is reviewed annually to determine whether it continues, if not, it is impaired or changed prospectively basis revised estimates.

**6. Investment Properties:**

Property that is held for long-term rental yields or for capital appreciation or both, and that is not occupied by the Company, is classified as investment property. Investment property is measured at its cost, including related transaction costs and where applicable borrowing costs less depreciation and impairment if any.

Depreciation on building is provided based on straight line method using the useful life as specified in schedule II of the Companies Act, 2013 .

**7. Financial Instruments:****Financial Assets:**

Financial assets are recognised when the Company becomes a party to the contractual provisions of the instruments.

**Equity Instruments:**

Considering the entity's business model for managing equity instruments; the investments in equity shares have been recognised at fair value as on date of balance sheet. Fair value movements are recognised in the other comprehensive income (OCI).

Dividends on these investments in equity instruments are recognised in Statement of Profit and Loss when the Company's right to receive the dividends is established, it is probable that the economic benefits associated with the dividend will flow to the entity, the dividend does not represent a recovery of part of cost of the investment and the amount of dividend can be measured reliably. Dividends recognised in Statement of Profit and Loss are included in the 'Other income' line item.

**Impairment:**

The Company recognises a loss allowance for Expected Credit Losses (ECL) on financial assets that are measured at amortised cost and at FVOCI. The credit loss is difference between all contractual cash flows that are due to an entity in accordance with the contract and all the cash flows that the entity expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate. This is assessed on an individual or collective basis after considering all reasonable and supportable including that which is forward looking.

The Company's trade receivables or contract revenue receivables do not contain significant financing component and loss allowance on trade receivables is measured at an amount equal to life time expected losses i.e. expected cash shortfall, being simplified approach for recognition of impairment loss allowance.

Under simplified approach, the Company does not track changes in credit risk. Rather it recognizes impairment loss allowance based on the lifetime ECL at each reporting date right from its initial recognition. The Company uses a provision matrix to determine impairment loss allowance on the portfolio of trade receivables. The provision matrix is based on its historically observed default rates over the expected life of the trade receivable and is adjusted for forward looking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed.

For financial assets other than trade receivables, the Company recognises 12-months expected credit losses for all originated or acquired financial assets if at the reporting date the credit risk of the financial asset has not increased significantly since its initial recognition. The expected credit losses are measured as lifetime expected credit losses if the credit risk on financial asset increases significantly since its initial recognition. If, in a subsequent period, credit quality of the instrument improves such that there is no longer significant increase in credit risks since initial recognition, then the Company reverts to recognizing impairment loss allowance based on 12 months ECL. The impairment losses and reversals are recognised in Statement of Profit and Loss. For equity instruments and financial assets measured at FVTPL, there is no requirement of impairment testing.

**Derecognition:**

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers rights to receive cash flows from an asset, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement.

In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

**Financial Liabilities:****Initial Recognition and measurement**

Financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments. Financial liabilities are initially recognised at fair value net of transaction costs for all financial liabilities not carried at fair value through profit or loss.

The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts.

**Subsequent measurement**

Financial liabilities measured at amortised cost are subsequently measured at using EIR method. Financial liabilities carried at fair value through profit or losses are measured at fair value with all changes in fair value recognised in the Statement of Profit and Loss.

**Loans & Borrowings:**

After initial recognition, interest bearing loans and borrowings are subsequently measured at amortised cost using EIR method. Gains and losses are recognized in profit & loss when the liabilities are derecognized as well as through EIR amortization process.

**Financial Guarantee Contracts**

Financial guarantee contracts issued by the Company are those contracts that requires a payment to be made or to reimburse the holder for a loss it incurs because the specified debtors fails to make payment when due in accordance with the term of a debt instrument. Financial guarantee contracts are recognized initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the period when asset is realized.

**De-recognition:**

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the statement of profit or loss.

**Offsetting of financial instruments:**

Financial assets and financial liabilities are offset and the net amount is reported in the Balance Sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

**8. Fair Value Measurement:**

The Company measures financial instruments, such as, derivatives, investments at fair value at each balance sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- a) In the principal market for the asset or liability, or
- b) In the absence of a principal market, in the most advantageous market for the asset or liability.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- (i) Level 1-Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- (ii) Level 2-Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- (iii) Level 3-Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

#### **8. Inventory:**

Inventories are valued at the lower of cost and net realisable value. Cost is computed on a weighted average basis.

#### **9. Cash and Cash Equivalents:**

Cash and Cash equivalents include cash and Cheque in hand, bank balances, demand deposits with banks and other short-term highly liquid investments that are readily convertible to known amounts of cash & which are subject to an insignificant risk of changes in value where original maturity is three months or less.

#### **10. Foreign Currency Transactions:**

##### **a) Initial Recognition**

Transactions in foreign currency are recorded at the exchange rate prevailing on the date of the transaction. Exchange differences arising on foreign exchange transactions settled during the year are recognized in the Statement of Profit and Loss of the year.

##### **b) Measurement of Foreign Currency Items at the Balance Sheet Date**

Foreign currency monetary items of the Company are restated at the closing exchange rates. Non monetary items are recorded at the exchange rate prevailing on the date of the transaction. Exchange differences arising out of these transactions are charged to the Statement of Profit and Loss.

#### **11. Revenue recognition:**

##### Rendering of Services:

Income from services rendered is recognised based on invoices raised for service provided on an accrual basis.

Revenue is measured at fair value of the consideration received or receivable, after deduction of any discounts and any taxes or duties collected on behalf of the government which are levied on sales such as Goods & Service tax, sales tax, value added tax, etc.

##### Interest:

Revenue is recognised on a time proportion basis taking into account the amount outstanding and the interest rate applicable and based on Effective interest rate method.

##### Dividend:

Dividend Income is recognized when right to receive the same is established.

**12. Employee Benefits:**

Employee Benefits: - The Company does not falls within the applicability of Employee Benefit plans.

**13. Income Taxes:**

Income tax comprises current and deferred tax. Income tax expense is recognized in the statement of profit and loss except to the extent it relates to items directly recognized in equity or in other comprehensive income.

Current tax is based on taxable profit for the year. Taxable profit is different from accounting profit due to temporary differences between accounting and tax treatments, and due to items that are never taxable or tax deductible. Tax provisions are included in current liabilities. Interest and penalties on tax liabilities are provided for in the tax charge. The Company offsets, the current tax assets and liabilities (on a year on year basis) where it has a legally enforceable right and where it intends to settle such assets and liabilities on a net basis or to realise the assets and liabilities on net basis.

Deferred income tax is recognized using the balance sheet approach. Deferred income tax assets and liabilities are recognized for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount in financial statements. Deferred income tax asset are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized. Deferred tax assets are not recognised where it is more likely than not that the assets will not be realised in the future.

The carrying amount of deferred income tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilized. Deferred income tax assets and liabilities are measured at the tax rates that are expected to apply in the period when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Minimum Alternative Tax ('MAT') credit is recognised as an asset only when and to the extent there is convincing evidence that the Company will pay normal income-tax during the specified period. The Company reviews the same at each balance sheet date and writes down the carrying amount of MAT credit entitlement to the extent there is no longer convincing evidence to the effect that Company will pay normal income-tax during the specified period.

**14. Taxes on Income:**

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of qualifying assets are capitalized as a part of Cost of that assets, during the period till all the activities necessary to prepare the Qualifying assets for its intended use or sale are complete during the period of time that is required to complete and prepare the assets for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.

Other borrowing costs are recognized as an expense in the period in which they are incurred.

**15. Earnings Per Share:**

Basic earnings per shares are calculated by dividing the net profit or loss after tax for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to the equity shareholders and the weighted average number of shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

**16. Leases:****Where the Company is Lessee:**

Leases, where the lessor effectively retains substantially all the risks and benefits of ownership of the leased item, are classified as operating leases. Operating lease payments are recognized as an expense in the Statement of Profit and Loss on accrual basis as per the terms of agreements entered with the counterparties.

**Where the Company is Lessor**

Leases in which the Company does not transfer substantially all the risks and benefits of ownership of the asset are classified as operating leases. Assets subject to operating leases are included in property, plant and equipment. The Company recognizes lease

rentals from the property leased out, on accrual basis as per the terms of agreements entered with the counter parties. Costs, including depreciation, are recognized as an expense in the Statement of Profit and Loss.

### 17. Provisions, Contingent Liabilities and Contingent Assets:

A provision is recognised if, as a result of a past event, the group has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation.

Provisions for onerous contracts are recognized when the expected benefits to be derived by the Company from a contract are lower than the unavoidable costs of meeting the future obligations under the contract.

A disclosure for contingent liabilities is made where there is a possible obligation or a present obligation that may probably not require an outflow of resources or an obligation for which the future outcome cannot be ascertained with reasonable certainty. When there is a possible or a present obligation where the likelihood of outflow of resources is remote, no provision or disclosure is made.

Contingent assets are neither recognized nor disclosed in financial statements.

**27. Financial Instruments:**

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The following methods and assumptions were used to estimate the fair values:

1. Fair value of cash and short-term deposits, trade and other short term receivables, trade payables, other current liabilities, short term loans from banks and other financial institutions approximate their carrying amounts largely due to short term maturities of these instruments.
2. Financial instruments with fixed and variable interest rates are evaluated by the Company based on parameters such as interest rates and individual credit worthiness of the counterparty. Based on this evaluation, allowances are taken to account for expected losses of these receivables. Accordingly, fair value of such instruments is not materially different from their carrying amounts.

**The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:**

**Level 1:** Quoted (unadjusted) prices in active markets for identical assets or liabilities

**Level 2:** Other techniques for which all inputs which have a significant effect on the fair value are observable, either directly or indirectly.

**Level 3:** Techniques which use inputs that have a significant effect on the recorded fair value that are not based on observable market data.

**The carrying amounts and fair values of financial instruments by category are as follows:**

**Fair value estimation**

For financial instruments measured at fair value in the Balance Sheet, a three level fair value hierarchy is used that reflects the significance of inputs used in the measurements. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements).

The categories used are as follows:

**Level 1:** quoted prices for identical instruments;

**Level 2:** directly or indirectly observable market inputs, other than Level 1 inputs; and;

**Level 3:** inputs which are not based on observable market data.

For assets and liabilities which are carried at fair value, the classification of fair value calculations by category is summarized below:

**For March 31, 2021:**

Particulars	Level 1 INR Lacs	Level 2 INR Lacs	Level 3 INR Lacs
Assets at fair value - Investments	2,550.62	-	-

**For March 31, 2020:**

Particulars	Level 1 INR Lacs	Level 2 INR Lacs	Level 3 INR Lacs
Assets at fair value - Investments	1559.16	-	-

There were no significant changes in classification and no significant movements between the fair value hierarchy classifications of financial assets and financial liabilities during the period.
